## ABOUT STREETWORKS

StreetWorks, a Freeport West Program, serves homeless, runaway, and at-risk youth through a collaboration of 10 member agencies. A homeless youth is generally defined as any youth aged 12 to 21-years-old who is unaccompanied by parents, family, or guardians and is homeless and without a regular night-time residence. Most of the youth we serve come from poor families, a disproportionate number are youth of color or are gay, lesbian, bisexual, or transgender, and most have experienced either abuse or neglect in their lifetimes.
